

## Reef scene system :

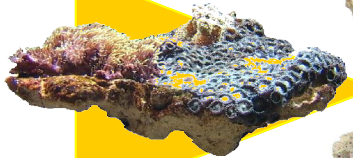

System of interchangeable steps for "Aquaroche reef plates" (colonised or not) or for other flat live rocks.

Stable construction even in high aquariums.

Many steps with good lighting conditions.

**Improvement of water circulation throughout the structure.**

Very good colonisation.

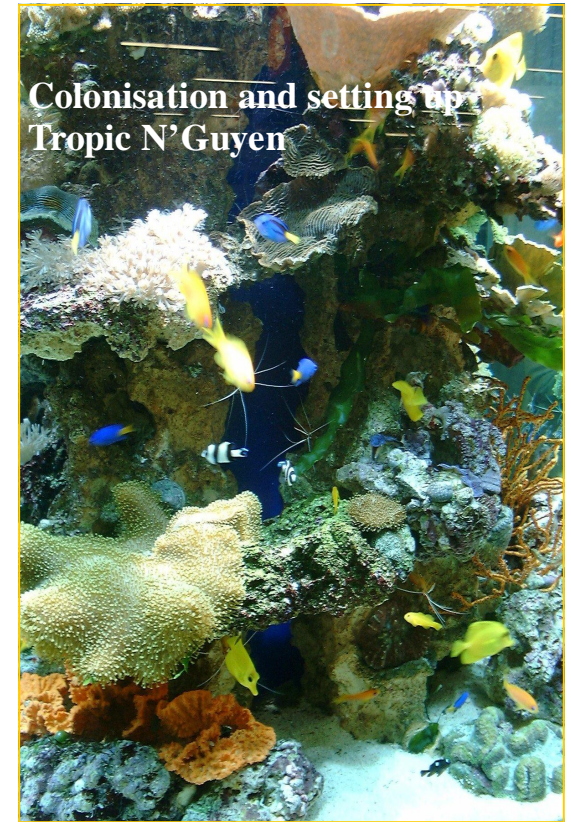

« aquaroche reef plate »  
colonized

« aquaroche reef plate »  
new

Reef scene system—special quotes  
+ aquaroche reef plates

Colonisation and setting up  
Tropic N'Guyen

**Insert « reef plates » rocks,  
new or colonized , in the cavities of the  
columns or pillars.**
